<https://0x8.ch/HackersCardgame21>

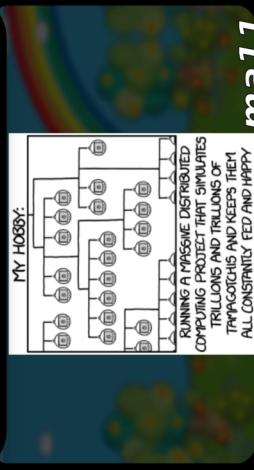

**Inventor:** ~~xxxxx~~

**Year:** ~1990

Guybrush Threepwood had the role of the hero in the Lucas Arts game Monkey Island™. In classic tarot he would be "The Fool"-Card, actually too stupid to save the world, but has non-normal distributed luck and his childish behavior gives him high values in the mayer-briggs dimension "agreeableness" which would be perfect as a chessfigure would of satan, admiring Guybrush is stupid not telling that he can use him.

But ignore him, focus on the technology cards that produces real three-headed-terrorist-monkey!

## Borg Hive

**Inventor:** ~~xxxxx~~

**Year:** ~2022?

The Borg Hive with their borg-cubes (spaceships) that look somehow similar like q1 card is maybe not evil as shown in Star Trek. Or at least you could implement a good borg collective like [Jeroen Domburg](#) in his [Tamagotchi Singularity](#) ([https://www.youtube.com/watch?v=3\\_e-cl1-Gs](https://www.youtube.com/watch?v=3_e-cl1-Gs))

So the question would be why did Star Trek discredit those cubes as collectively bad and why they are showing the Federation (that is a military system) as the good people, with weapons, uniforms, hierarchy that's the reason why we question the view of Eugene Wesley „Gene“ Roddenberry.

## Captive (The Recruit)

**Inventor:** ~~xxxxx~~

**Year:** ~2022?

The main problem if chastity belts (no matter if real or virtual) is how to get rid of them. Tools does not seem to work here. [~~marc just not have created the ra2 card~~](#) [~~<insert>~~](#) unfortunately you can "not" buy women chastity belts [~~</unknown><me>unfortunately you can not order such things for women, because you would get again ma1 card~~](#) [~~</me>~~](#) Braking up with the promis man normally give their first girl could maybe help for virtual chastity belts but because of the m38 card, that means if the jusPrimaNoctis Suicide Death bot was only virtually created software the girl i love and i promised to be true forever would have the same situation and then for sure it would be real. Can not verify so far if this is real or virtual.

## MALE SLAUE

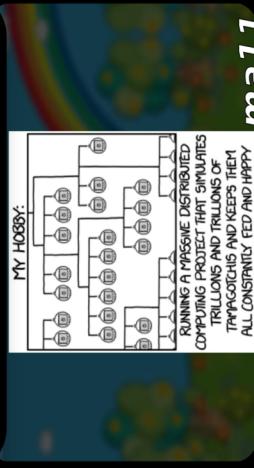

<https://0x8.ch/HackersCardgame21>

**Inventor:** ~~xxxxx~~

**Year:** ~2022?

Gifted held in prison to make him and the others fear. In this case, Colin James Farrell, who presumably was identified in [psychology tests](#) as a man "who will once make trouble". For example in a test like mmp2 the parameter "feels responsible to leak the truth to the society" would stand out. For the Mates is Psychological even more worse to see how he is tortured. Beeing the one that is beeing tortured becomes normal after a while. But the mates should stand up and say "stop that torture", but those who would stand up would possibly be upgraded to a captive too...
