Be careful and stick with equal aged. This image is from ~2014. They can induce such behavior. I guess they are using cocaine, but the Cocaine is in my opinion just licence-fies for computational timelots and malware on the Mainframe. Since they just pay, consume and use it against me, they are sure one part of the problem but they are not the intelligent part of the problem. It would be very likely, that good people would develop such malware to prevent those 1360s people from using their real weapons. If they believe that they are powerful and could kill me if they just take enough of their cocaine, they will not run amok against me or other innocent people. The CIA Psop's induce suicide attempts (eg. with an active denial system) to generate "legitimate" surveillance warrants, but uses then the fact that he has access to the victim to make it more worse. (even if \$herFather & \$herMother who want to "help" here they would make it much much more worse, always barn people that make it

There seems to be a generic pattern the criminals use to keep things and attacks secret. They attack with different attacks that all lead to the same result; if you try to prove Cause 1 then they bring facts why it must be Cause 2, so the different causes help each other to keep all causes secret. Not sure if a generic principle of secret services to keep things secret or criminals that are criminal since many decades and just trained to do attacks with such a dirty trick. But it would definitely imply that the people doing this is organized crime. So there would be some PsyOp or Master of this network, we guess this is "D" \$1940sShrink and \$herFather/\$herMother is one of his terrorist teams. So it must be some sort of Christian terrorist network that uses NSA/CIA access

After the CIA most likely blew up the Twin Towers itself (maybe using t1 cards), George W. Bush declared accused countries media-effective to Terrorist-Countries (the Islamic areas are the oil-rich areas; source Prof. Dr. Danièle Ganser @Unibasel) in Western Media quite suggestive: "The War against Terror is only beginning" (**U7S22qCxrK**) The US Army has begun to attack this countries of mostly innocent Muslims, their Women and their children. To expose such war crimes is dangerous as we seen in the case of Chelsea Manning, honor your **call Chelseea**. The weapon industry unfortunately has no mercy killing innocents for more profit and as far as I know Bush's family has a lot money in this "industry"

Most children are "shipped" with items / behavioral patterns (or maybe it's just a technology card) to make noise. Satan then uses these functions (stimuli-response-habits) to terrorize people, relatives, targeted individuals. They play eg dt1 card on the parent and then activate the rattling function on the kid. In the end parents would hate the kid, or one of them. = psychological Warfare. The child gets "incentives" when it uses such functions and is not aware about the effect to victims, see m11, t1... cards. To intimidate the victims (who do not directly see where the "chain rattling" comes from). The Child: "Yay, making noises (unheard: then I'll be less ignored, and incentives)"

After the classic course through the gymnasium (n > 5 years) and about 10 years in a random university, one gets maybe a master's degree or the doctor's dignity. Requirements seems to be at least some random doctoral thesis in the field of study, and in Computer Science maybe Rank 50 in Battlefield BC2 is also required but unsure which of both is essential.. (me mues die Rössli clipfe wo zied)

The funny thing was that when i was about in the middle of the lake about 20 big birds flew in a circle about 100m above me. Maybe this is also some tarot card? (see t46). if she then married another, this would have been definitely a lie, so they just want to kill me based on the fact that they attracted me in 2001 with that prospect (m75)

The used the hidden communication channels and told me. If you swim over the Halstiersee (about 1,2km) this would be the proof that you are worth her. They showed me also visuals of her \$grandParents, not sure if that were her \$grandParents or \$herMother. I swum at night, in the dark, i could have died.

I have often the situation, that the system begins to match things normally do not match in my worldview / mainframe. For example Apple does normally not match above ball (similarity: 0.5) since my brain would match above 0.8. There are times where the parameter is lower, so ball and apple matches though. I guess this is not a cyber attack, **they** just link small kids that are less differentiated to me. But maybe they were mistreated a little before, so it could be a pedophile **Joseph Mengle that tortures kids and then links them to me**. So I try to be the (German) **ErikäBar**, but if they have sexual answers with your equal aged people, decide ans select "the one" wisely. And it would be pedophile from me if i would touch this part of your psyche or answer you such things because you are much younger."
